

Life Chronicles

AN ACCOUNT OF ENCOUNTERS IN THE PRESENCE OF GOD

Happy 2021 Beloved Saints!

*...and welcome to
the year of establishment.*

The Apostle has declared 2021 as The Year of Establishment, based on 2 Chronicles 20:20. I am certain that all of us are excited to see what this New Year has in store for us. 2020 came with its challenges but we are grateful to God that He has preserved us. As we continued to declare that in the presence of God, Life is guaranteed, God proved Himself to be faithful.

We were blessed to listen to some powerful testimonies at our Thanksgiving service in December and that served as a reminder that even though we are living in a pandemic, God is still God.

He never changes; He is the same yesterday, today and forever.

He continues to do great and mighty things in the lives of His children because He is a good Father. So many wonderful things happened in our lives as the TLT family and we give Him all the praise.

December also saw us celebrating our first ever Christmas dinner, which was a formal banquet, and it was so impressive to see everyone dressed up and ready to have a wonderful evening. The Man of God honoured those who are serving in the house of God, with certificates and we also enjoyed a scrumptious dinner. It truly was a memorable evening.

Unfortunately January 2021 came with the announcement of tighter Level 3 Lockdown restrictions, that prohibit

church gatherings and that put brakes on what started off as a spectacular year, after we had a powerful Worship Sunday on the 10th of January. Even though we are not able to meet, we have been quite privileged to still receive teachings from the man of God. Some of what has been taught is documented in this newsletter.

In this new year, let's take heed of the advice that the man of God has given us. Let us make time and go back to his previous teachings; listen, watch, read and meditate on what has been taught. May we not miss what God is doing in this season; and as we are being established, may we remember how to maintain our blessing.

May God bless you as you read...

"...Believe in the Lord your God, and you shall be established..."

#ESTABLISHMENT

TLT Kids

On the 7th of November 2020, KWW celebrated National Children's Day by having their market day and first concert of the year.

It was truly remarkable to witness our young entrepreneurs step up to the challenge. Various drinks, sweet and savoury treats, jewellery and so much more were on sale on the day and all the kids did quite well.

There was also a DJ, who provided the entertainment, who is actually a member of KWW, which was quite cool.

After their market, they treated us to an outstanding concert, which was also live on social media platforms, which meant that KWW Mozambique was also able to watch.

National Children's Day market day & the first concert of the year after months of Lockdowns.

Feedback from some parents was that the work that the children had put into that concert was quite evident and they were impressed.

KWW also hosted two outreaches in December, one in Alex and another one in Orange Farm. They ran weeklong workshops in Alex and then hosted a concert on the Saturday. The concert was a collaboration between KWW and the children of that community, who had attended the workshops.

It was amazing to see the talent in that community, so some of the children who were identified will be joining KWW this year.

The children in Alex were also inspired to see what KWW does.

Before leaving, KWW gave away school shoes, hot dogs and party packs to all the children who were there as well as certificates for those who were part of the workshops.

A few days later, they then went to Orange Farm, where they performed for the children in that community and also gave out shoes, hot dogs and party packs as well.

We were also happy to see KWW Mozambique have their first concert in December. Well done to Portia and the team in Mozambique for doing such a remarkable job.

KWW resumes on the 6th of February 2021.

The children are excited to start with their program and are eager to see the new kids that will be joining them this year.

KWW is for all children from 4 - 16 years and is not just reserved for the children who attend TLT Ministries.

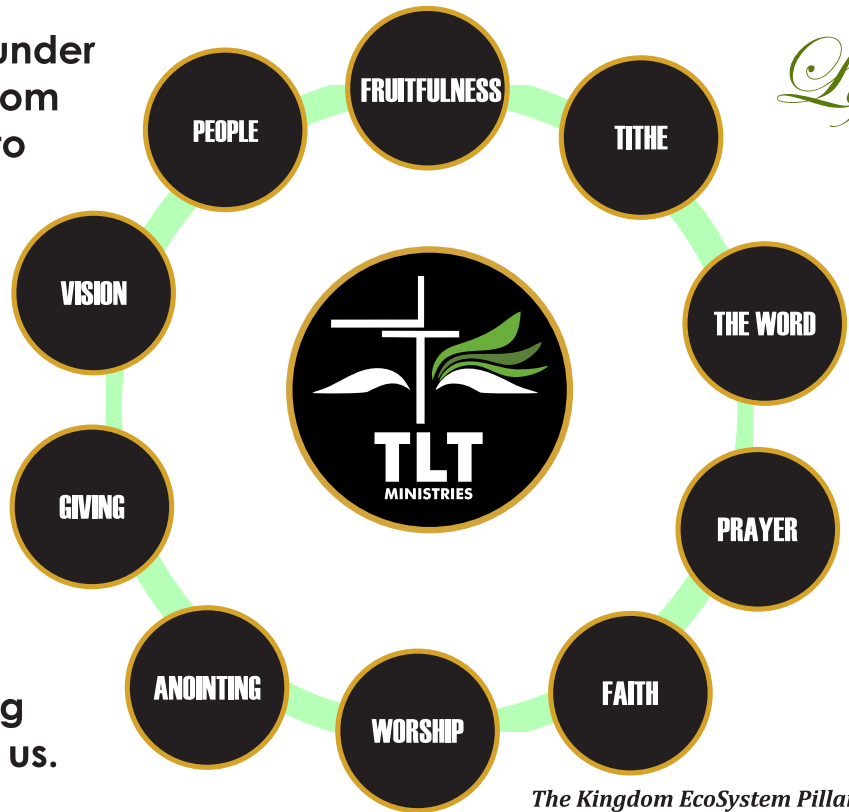

If you know any kids, who would benefit from the programme, they are more than welcome.

Life

There are a lot of kingdoms under the sun but The Kingdom Ecosystem teaches us how to be effective in the Kingdom of God. These are a series of pillars that we need to connect with in order to be effective in this Kingdom.

Remember In this Kingdom, you don't just do what you want because there is only one King and there is no democracy. The Kingdom Ecosystem helps us to understand what the King requires from us.

The Kingdom EcoSystem Pillars

The Below summary of all the pillars was extracted from teachings by the Apostle:

TITHE

The paying Tithe rebukes the devourer and allows you to operate under open heavens. Based on Malachi 3:8-11. We do not give tithe, we pay it as it is a commandment from the LORD our God.

THE WORD

We need to diligently meditate on the Word of God; remember however, you can't understand the Word of God if you have closed heavens. You open the windows of heaven over yourself by paying your tithe.

John 1:1-5 tells us that the Word is not scriptures but a person, we connect to the **Word** through scriptures. Let us be encouraged to open the heavens by paying our tithe, this helps us to understand and connect to the Word of God.

PRAYER

In order to pray effectively we need to understand the Word of God. The pillars are interlinked in a very interesting way because in order for you to understand the Word of God it links back to paying out tithe and having open heavens. Prayer is communication with God, and this communication can only happen when you understand the Word. When you understand the Word, you will not pray amiss because you know how God wants to be approached and you don't pray for what you've already been given.

In Matthew 6:9-13 Jesus teaches us how to pray. "Prayer makes you intelligent." – **Apostle Owen Phiri**

FAITH

We cannot conjure up Faith; Faith comes to us after we hear and understand the Word of God because of open heavens and being able to pray according to the Word. Romans 10:17 tells us that faith comes to us by hearing the Word. Faith comes when you want to hear what God is saying. The Word of God commands us to be in a place where God is, so that we can hear what He is saying. "Hearing by the Word of God" means hearing that is influenced by the Word of God.

Hebrews 11:1-6 defines what faith is, and also tells us that we cannot please God unless we have faith.

WORSHIP

Worship is submission to God. We don't see God with our eyes because we worship a God who is Spirit. We are only truly able to submit ourselves to God when we have a relationship with Him through engaging in His Word and time spent fellowshiping with Him in prayer and devotion.

ANOINTING

When you worship God in spirit and in truth, God will anoint you. Anointing is the ability to do things extraordinarily and an anointing can also amplify your gift. We have learnt that everyone is anointed for a certain purpose, in a certain domain.

GIVING

When one has subscribed to and connected with the other pillars, giving becomes easy. You will find that you are able to give even things that you really love.

The Word of God teaches us that blessed is the hand that gives than the one that receives. God trusts you to be a blessing to others when you are able to give. There are different kinds of giving and we also give for different reasons. Out of all these reasons, we must remember that God gave because He loved and that is the ultimate form of giving.

VISION

When we are able to give, God will also give us a vision. In this vision God can make you see something that is not yet in existence in order to bring it into reality. God can give unique visions that cannot be imitated.

PEOPLE

As one grows in aligning with these principles God will trust you with people. Others will be blessed because of your vision as it manifests and God can trust you to give. WheGod can trust you with people because you are anointed.

FRUITFULNESS

When you have fully subscribed to all these pillars, then you will be fruitful in the kingdom of God.

Testimonies

Many times the prophetic and the miraculous happens in our midst and for diverse reasons we keep quiet and do not share testimonies. This year let's resolve not to hold back and share as often as possible, even as God #Establishes us.

Testimony by Crispin Muchena

We received a testimony on the church Whatsapp group from Mr Muchena. We would like to encourage everyone to always feel free to share your testimonies with us. This can be done during church service, on any of our social media platforms or by speaking to Sister Khomotso, for the testimony to be published on our newsletter.

Please see, below, a testimony received from Mr. Muchena:

"Greetings and good evening beloved saints.

M*any times the prophetic and the miraculous happens in our midst and for diverse reasons we keep quiet and do not share testimonies. This year let's resolve not to hold back and share as often as possible, even as God Establishes us.*

Today I had an incident where I hit a pothole quite badly on my way home, I was also in a bad area in Alex. It was so bad that the tire started losing pressure and as I drove I felt the car start to wobble. I managed to nurse it and got to a service station and added pressure.

This was almost a major issue because the car I was using had no spare wheel or jack in it. I thank God because I managed to arrive home without further incident.

What I amazed me even more and further revealed the presence of a prophet, an apostle and a servant of God who is not a shepherd in theory but it mind blowing practice was that a few moments after I got home the Apostle sent me a message to ask if I had arrived home safely.

I read the message a few times, and indeed the man of God was revealing in a subtle way that he was with me spiritually throughout this ordeal. I had not phoned or messaged him about this incident. Evidently however, I was not alone.

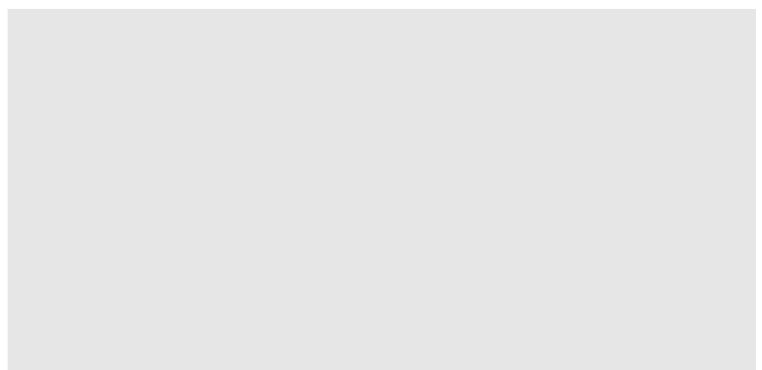

Be encouraged child of God in spite of everything going on around us, God is indeed with us. He has given us a father with gifts and abilities far beyond what we think we have witnessed or know.

"... Believe in the LORD your God and you shall be established, believe in His Prophets and you shall prosper..."

Need I say more, believe and connect with the man God has given to us, a true father and shepherd after God's heart.

I bless the day I met you Apostle, indeed God remembered me, remembered us as the TLT family and we give glory to Him for giving such power unto man.

Shalom..."

Life

The Word By Apostle Owen Phiri 03-01-2021

The first Sunday of 2021 was a great experience in the presence of God as the Apostle took us through the theme scripture for the year of establishment. As always he encouraged that we take time to go through the entire text and pray that the Holy Spirit to open up our understanding.

We are in the Year of Establishment, where God is establishing us. God in His faithfulness gives us a theme and then breaks it down in order for us to operate with understanding. As we progress through the year, each sermon and teaching the man of God will share will build up on our understanding of God's plan to establish us.

Nothing happens in life without God giving you the information first. He gives information in detail because He is faithful. It is you that will then take the information and decide what to do with it. The outcome of everything that you do lies in your decisions and choices because when you are given information, the ball is in your court. You were given power to decide what to do with the information that you receive.

God cannot establish you without taking you through a journey. You can't establish someone without anything. If you want to establish someone, you give them resources. God is set to give His people resources, tools and opportunities to be established in the year 2021.

- "They rose early in the morning and went out into the wilderness of Tekoa and as they went out...."
(2Chronicles 20:20)

They needed to rise up in the morning and go to a certain place. There is movement. They took an initiative to rise up in the morning. It is important to note that everything happens at a certain time and place.

When they heard about the nations that were coming to destroy them, the first thing that they did was to seek God. There is a lot of information that is out there about everything, including Covid-19 but instead of going through that information, the first thing to do is to seek God because our source of information is God Almighty.

They went into the wilderness in the morning. When they went to that place that is where Jehoshaphat stood and said, "Hear me, you people..." There is certain information that will not come out unless someone sacrifices to go to the wilderness. The wilderness is not a pleasant place; no one likes to go there because it is not a convenient place to be.

You may be in the wilderness and you want to come out of the wilderness because it is not a nice place to be in but these people went to the wilderness, where people are trying to come out. It is in the wilderness that you will see the hand of God.

When they were in the wilderness that is where Jehoshaphat stood and told them to believe in the Lord their God. These were chosen people of God. People who know the ways of God, the people that God loved. There is a possibility that you can be a child of God but not believe in God.

You can have all the information about God but you have to believe in God. There is emphasis that you must believe in the Lord your God because it is easy to have another lord while you are connecting to God. Money, your job and can be your Lord, while you believe in God. Something that takes up your time and attention can be your Lord.

You have to believe in God completely and not have other options. When you do that, God will establish you.

God is very excited to establish His children during difficult times, so He can show Himself to the world. Isaac planted crop in times of famine and got a very good harvest. Establishment happens in times of disasters.

Nothing will happen without God telling you about it and that is why Jehoshaphat was warned about the nations plotting against him. After this, establishment happens. Don't allow yourself to give your heart to anything else but God. When something happens in your life, seek the Lord because everything ends with God.

"Believe in His prophets and you shall prosper," When you are established, you need to be attentive because you begin to walk with the directions of God.

It is important to note that the scripture says to believe is God's prophets, this is important because there are some prophets that do not come from God. When you believe in His prophets, you will prosper. These prophets come from the One who establishes. Prophecy is the Word of God, however it would come from a person. God can communicate directly to us, however He will not tell you everything.

When establishment happens, it happens in the spirit first. You are very sensitive about spiritual things around you. You will be able to see things that are not physical, so you won't be easily tricked. When you are established in the spirit then you can be able to move things that will manifest in the physical.

This year, things that are going to happen. There will be tangible manifestations of everything that we are talking about. The enemy is doing things openly and so God has raised the standard for us. The enemy rose like a flood and God has also increased our standard. Certain things will be strange in this year so remember to meditate on 1 Thessalonians 5:16-22, for the whole year, because that is how we ought to live.

The Apostle also continued to encourage us not to take anything or anyone for granted. He also emphasized that every time that you come to church, you receive something. Be vigilant. Watch what happens after each service. There are things that change. Sometimes God can even amplify a problem after the man of God prays for you.

On this day, we were blessed with a double dose as we received the Word and also engaged in powerful worship that was led by the First Lady of the house, Pastor G. The Apostle shared about the Fruit Called Worship

. John 15:1 Jesus emphasizes that He is the true vine. He does this because that means that there is a false one. There is also a vinedresser and that is His Father. **-“Every vine, that is in Christ”** - These are born again the children of God.

It is a possibility that you can be in Christ but not bear fruit. When The Father sees the branch that is not bearing fruit, He removes it. It's also possible to hold onto Jesus but you are no longer in Him. You can remain with scriptures, going to church and with a Christian language but not in Christ because if you bear no fruit, The Father cuts you off.

It's important to check if you are still in Christ. To know if you are still in Christ, you must check your fruits. Every branch that bears fruit, he prunes so that it may bear more fruit. We often hear people talk about how when they committed to God, things became more difficult and that is as a result of pruning. Pruning can come in the form of losing friends, contracts and money and this is so that you can bear more fruit in the long run.

The fruits that we are supposed to produce are the fruits of the spirit (Galatians 5:22-23). The fruits of the

spirit are given to us by the Spirit when we start walking in obedience to the Spirit.

Jesus is the true vine and so He cannot bear fruits for himself but the branches are the ones who bear fruit. We receive the fruits because we are supposed to give fruits. One of the fruits that we are supposed to give is Worship and Praise to God. That is the only thing we can give directly to Him. The other fruits that we can give are tithes, offerings and good works.

Check the fruits that you produce. You can tell from what you say, if you are building or destroying. Do you give or are you always asking? Do you worship? Do you win souls for the Lord through testifying? The reason for Worship Sunday is so we can pour out our hearts to the Lord and worship Him because we can't give Him anything else.

Talking about Jesus is being fruitful. When you talk about Him, He comes and joins you. The most fulfilling thing is to walk with Jesus and He is faithful to join you when you talk about Him. The opposite is also true, when you talk about poverty or other things, those things will also join you. When you speak about Jesus, He will eventually give you His body and blood and then you will realize that you've been walking with Him all along. Sometimes, He will not reveal Himself until you humble yourself and accommodate Him. In that moment, He will reveal Himself. Always

The Knowledge of God

My people are destroyed for lack of knowledge. Because you have rejected knowledge, I also will reject you from being priest for Me; Because you have forgotten the law of your God, I also will forget your children.

We derive knowledge from the information that we have received. The knowledge that is spoken about in this portion of scripture is the knowledge of God.

It is God's desire for us to operate fully in Him. His vision is for us to have dominion, multiply and subdue. If you want to see that God is happy with you, you need to introspect and review your life. There are what we can call measuring instruments that we can use to check if God is happy with us. Always check if you are able to multiply things like money, people, business, etc.

When God wants to do something with you, He will take you to a place and this place is found in people. Some people that you meet are actually places and platforms. When God allows you to be in a place like TLT Ministries, He knows that it carries nutrients and everything needed for you to flourish and achieve His purpose for you.

Before you are taken to a place for a season, you are first taken to a place where you are planted. Like a tree is planted and rooted in soil, then seasons come and go but the tree remains planted where it was planted. Where you are planted, that is where you get food for you to be stronger, bigger and bear fruit. Waiting for seasons to come. When a tree is not planted anywhere, even when the

“It is not to know how to tithe or what kind of song to sing or even what you must do to be blessed, not how you put scriptures together so people can understand.”

season for it to bear fruit comes, it will not bear fruit because it is not planted anywhere. You can be gifted in something but not rooted and so when your season comes, you will not bear any fruit.

God chooses for certain trees to be planted in certain places because the soil, water and weather of that place is best suited for that tree. So because of the type of seed you are, you are directed to a certain type of soil that will be conducive for you to bear fruit. So it is no mistake that you are in TLT Ministries, it means that God wants to do something with you that this anointing can help you sustain.

Children of God can be rejected by God because they are rejecting knowledge. When you reject knowledge you can be destroyed. What can lead you to a place of destruction is not serving, anointing, going to church, the access you have to the man of God and not even giving but it is information. You can also be in the opposite camp because you received knowledge. The book of Proverbs says the righteous will be delivered by the knowledge that they acquire.

What is this knowledge? It is not to know how to tithe or what kind of song to sing or even what you must do to be blessed, not how you put scriptures together so people can understand. The knowledge that we are talking about is the knowledge of God. So many mistakes that we made are as a result of us not knowing God.

Do you know God? In 2021, you need to know God. When you know God, there are certain things that you will not say or certain places that you will not go. Knowing God is a journey. The Word of God says we must seek Him, which means God hides Himself.

People perish because they lack the knowledge of God. When God appears, they don't know Him. When you have information about how God can come to you, then you know what to expect. If you know how God operates, you will not wrestle with Him.

Q&A Session with Apostle Owen Phiri 24-01-2021

We Always Look Forward to Q&S's with the Apostle, we get to go deeper with him into some of his teachings.

Question:

When you have a spiritual encounter, what do you do if you can't interpret what it is or what it means? You can tell that you are being shown something, so you can do something about it but you don't know what to do because you can't interpret it? How can you get the interpretation of what is happening so that it can benefit whom it's supposed to benefit?

Answer:

There is a difference between an encounter and a vision. An Encounter is when you are pushing to get something spiritually and you get it. It is like the spiritual realm coming down to your level and you have an interaction with a spiritual being, physically. In a vision, however, things are often explained in riddles.

How you grow your spirit or your level in the spirit determines how you understand every spiritual activity. When you don't understand something that is happening spiritually,

it means that your spirit is not strong enough to carry what you are experiencing.

We grow our spirits by sacrificing. Sacrificing can be making the commitment to wake up everyday at a certain time to pray, no matter what is happening around you. Sacrificing is vast but yields the same result.

To sacrifice is not to give, it's not something that you do for someone to benefit but a sacrifice benefits your spirit. Sacrificing is getting rid of something that controls your physical being. When you sacrifice, you feel it. Sacrifice can feel like a loss because your physical being is deprived.

The more you add value to your spirit, the more you understand spiritual stuff. For example, if you want to know about Covid-19, you buy data, you need a gadget and you also need time, just so you can get certain information. Another example, in order to get education, you need to pay

school fees, but even after paying the school fees, you are still expected to go to school, listen and adhere to the rules. When you are late, you get into trouble even though you've paid your school fees.

Sacrifice is not one thing but it is detaching yourself from your physical desires and connecting to the spiritual.

To be spiritual, is to see visions and be able to understand what the vision is about and to articulate what needs to happen.

Read the story of Solomon when he sacrificed 1000 cattle, on a mountain, to God. God was pleased with what he did and He visited him in a dream and asked him what He wanted. Solomon told God what he wanted and God gave him what he had asked for as well as what he had not asked God for.

When he woke up from that dream, he went back to sacrifice again and on his way back, he was

confronted with an issue to solve and after that people saw that he was a great and wise king. That is an example of how to grow yourself spiritually.

When you have a vision/encounter, don't feel comfortable to just stay with that experience, you have to do something that will lead you to a place of understanding.

Question:

The Fear of God. Usually when people teach on the fear of God, it is usually from an angle of reverence and respect but based on a previous teaching of the Apostle, the fear of God is to literally fear God. It is not an option because you become afraid of the Lord because of the danger presented for example. Please help us understand if the fear of God is a choice or maybe grace that you receive?

Answer:

I believe the scholars have tried to remove weight on the Word of God. If it is written, fear, don't try to

coat it with chocolate but instead take it for what it is.

Fear is something that scares you. To get to a place of reverence, you first fear. People who live in places that have kings, reverence the king but what causes that is that they fear the king.

There are even Men of God, who are revered and the reason for that is because they instill fear on people. Usually when you are scared of a person, you reverence them. You don't ask silly questions or do silly things around them. According to me, there is no reverence in the absence of fear.

Even when you read your Bible, when Paul encountered God, the first thing that came was lightning and it caused Paul to be afraid. He then heard a voice, calling him and his response was, "Who art thou, My Lord?" and that is reverence.

There is a difference between reverencing and obedience and obedience is optional. One doesn't need to reverence when given an instruction, they just need to follow the instruction.

The more you get to know God, you realize that God is not your friend. Familiarize yourself with how people relate to kings and see how they speak to them and just act around them and then consider that God is the King of Kings.

As you grow your spirit, you will see that what you understand about the fear of God will change.

The Fear of God adds to your spirit. It is a fear that

brings life and the experience never leaves you. Prioritise growing your spirit and you will understand the fear of God differently.

The decision that one needs to make is to follow God, choose Him as your Lord and Saviour, and start obeying. The fear of God will come as you encounter God more. As you get to know God, He can use you to perform His miracles and when certain things happen, you don't rejoice but you actually fear God more.

Question:
In the realm of thought, how does one control negative thoughts from manifesting and how can I bring positive thoughts to manifestation. Is that manifestation of my negative thought a reality or a figment of imagination but it all seems real?

Answer:
2 Corinthians 10:3-6
To be carnal is a certain way of thinking, it's the realm of thought and that is where the battle is. It is important to understand that our weapons are mighty in God and not in our thoughts or in ourselves.

A carnal mind doesn't connect much to God but connects more to what it knows. Check what it is that you know more.

Is your knowledge of God or what you know from what you have seen and heard. Does your worldly knowledge exalt itself above the knowledge of God? What is your knowledge of God and how do you apply it? What works in the realm of

thoughts is obedience because that is the only way to punish disobedience.

When God tells you to do something, you do it, no matter the circumstances, because our weapons are in God, we need to obey Him.

Question:
When you lose the fear of God and start getting used to God, can God still use you in His Kingdom? Why is it that there are pastors, who are found to be doing wrong, still able to perform miracles and exploits in the name of the Lord?

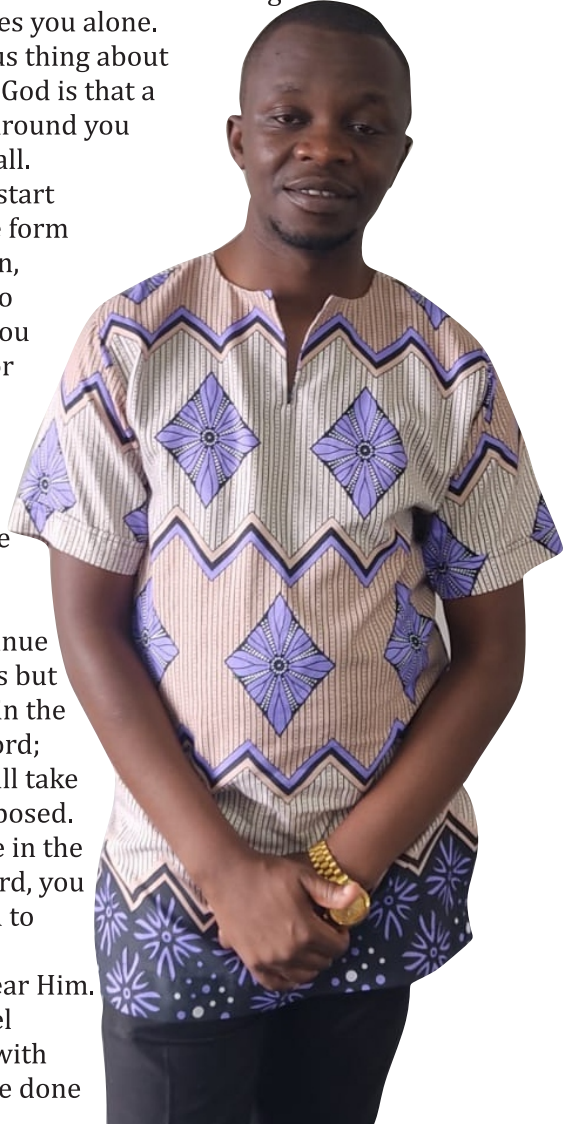

Answer:
You can never get used to God, no one can. When you are moving in the way of God, you start fearing Him but that doesn't mean that the devil leaves you alone. The dangerous thing about walking with God is that a lot of things around you want you to fall. Temptations start coming in the form of money, men, women and so forth, and if you open the door then you are in trouble because you start drifting away from the Lord.

One can continue to do miracles but no longer be in the way of the Lord; however it will take time to be exposed. When you are in the way of the Lord, you can't get used to Him and will continue to fear Him. Don't ever feel comfortable with what you have done

in the Kingdom of God because then it's easy to drift away. As long as you fear God, you are able to humble yourself and obey Him. God is looking for servants and not for bosses.

Question:
What do you do when you are serving God but you still feel like you're not doing anything?

Answer:
You are in the right position. As soon as you feel like you're doing something, then you're in the wrong position. When you are confident that you are serving God, then you need to check yourself. What can you possibly do for God to make you feel that you've done well or are doing well for the Lord?

The Grow Your Spirit Program

Lately, the man of God has been stressing the importance of growing ones spirit. I believe it was during our prayer month, November 2020, where he said that 2021 would be very hard for a lot of people; and in order to conquer, one would have to be spiritual. The Apostle has encouraged everyone to grow their spirit and has taught on ways to do so.

At the beginning of the month of February, the Apostle has called upon all of those who wish to grow their spirit, to join his training where he will be giving us a **“jump start”**. We are all encouraged to wake up early and start praying in the morning at 4am – 4h30. The man of God will be giving us scriptures and prayer points as we go. We are to have 5-10 minutes of worship (*Worship Dimension with Pastor G on YouTube*) before we start praying.

This will then be followed by Lunch with God, a time of worship and fellowship with God from 13h00 to 13h30. After this we'll have a 15-minute prayer session at 15h00 to prepare our spirits for the night. This is to help us prepare to engage spiritually even as we sleep. He encouraged us to utter words out loud ensure we ready our spirit to begin operating at night.

GROW YOUR SPIRIT BOOTCAMP TIMETABLE

Early Morning Prayer: 04:00 - 04:30

Please checkin on the church WhatsApp Group as instructed by the Apostle.

Lunch time Worship 13:00 - 13:30

Please use Pastor G. Phiri's Worship Dimension session available on the TLT Ministries Youtube Channel. Also take the opportunity to subscribe if you haven't yet.

Evening Prep Prayer: 15:00 - 15:15

Engage in prayer to prepare for the night.

NB: The program will run until the Apostle notifies us.

New Music Alert - Coming Soon

Rwendo song loading...

Hupenyu irwendo unotoda kufamba kuti usvike panzvimbo yemafuro manyoro
Asi kufamba kwacho handigone unotosangana nezvibingaidzo
zvinotoda kuti utsunge moyo munzira kusvika pakuguma kwerwendo

Unofanira kutogara pasi wotaura neMoyo wako pamusoro pezinowanikwa munzira
kuitira kuti moyo usazonyanya kurwadziwa kana mafungo avekuuya

Chikuru kuramba Uchirangaridza moyo kuti kunyangwe zvikambooma
asi wakatokunda kare zvakaoma parwendo, saka moyo wangu usacheme.
