AN ACCOUNT OF ENCOUNTERS IN THE PRESENCE OF GOD

Before The Manifestation of God's Miracles In our lives, He allows to go Through a period of Preparation.

Apostle Owen Phiri ministering

The month of October 2020 has come and gone. We trust it has been a month that has been filled with the goodness of God. The Apostle taught about protecting and maintaining our miracle and our blessing. This gives us the assurance that, even if things may seem difficult now, God still has a blessing /miracle awaiting us. In what has been a difficult year for many, it is good to know that God still has good and perfect plans for us.

Every year, November is a special month at TLT Ministries as we take some time out of the month to pray for the year that is ahead of us. Make sure you keep up to date with the church events because this is something that you don't want to miss out on. Before that though, we are looking forward to a spectacular concert by our beloved KWW on the 7th of November as our kids showcase their talents. Make sure you don't miss out.

This newsletter is an account of the month that was. We thank the man of God for always imparting such wisdom amongst us as well as sharing about the journey of TLT Ministries. Let's be obedient to the Word that is shared, so that we don't miss out on what God has prepared for us.

May God bless you as you read...

TLT Kids

KWW's Busy and Exciting Month of Preparation.

The kids continued to work extra hard as they prepare for their upcoming concert. Between photo shoots, classes, memorizing memory verses as well as putting together the concert, their Saturdays have been super long. It has been quite impressive to see them coming every week in good spirits and just eager to get going. We are super proud of them and are optimistic about the next generation of worshipers in the Kingdom of God.

The concert is on the 7th of November 2020 and it begins at 5pm. Before that, they will be hosting a market from 3pm, where they will be selling snacks, sweets, drinks and plenty more. Please come through to support our children. It promises to be a wonderful afternoon in the presence of God.

A special thank you to the teachers, who have dedicated their time and skills towards this programme. They continue to work tirelessly to get the best out of our children and for that, we are grateful.

TLT Youth

TLT Youth Hike & Picnic

On the 3rd of October, the youth went for their first outing at the Walter Sisulu Botanical Gardens in Roodepoort.

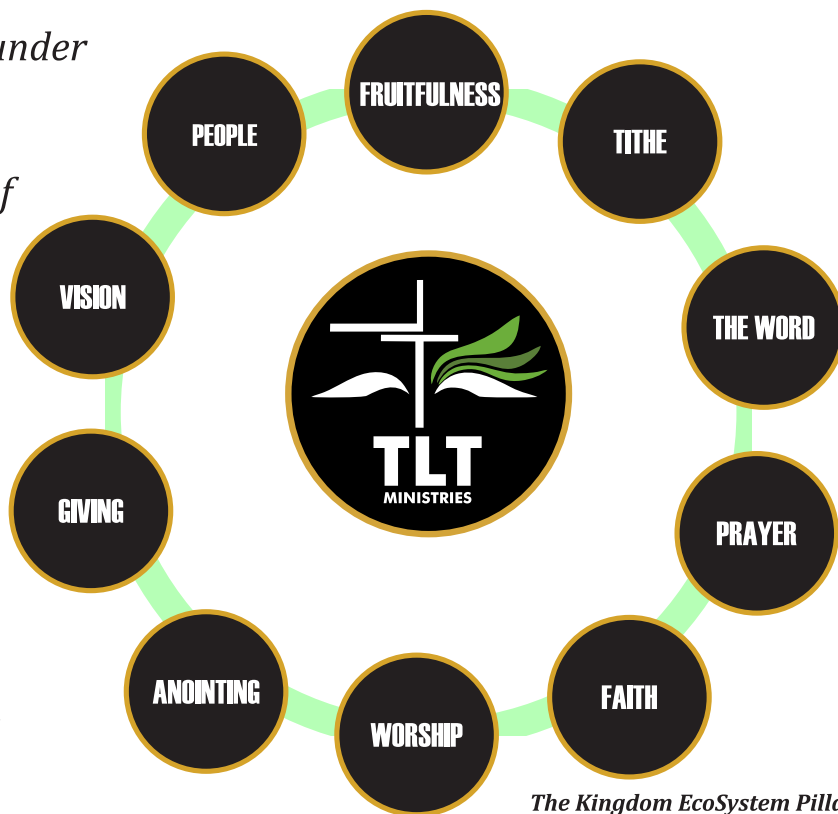

The day started off with a hike at 9am and everyone who was there took part in it. The hike was quite challenging for some but it is impressive to note that no one gave up along the way. After the hike, followed the picnic, which included a board game and a bit of the Jerusalem dance, which must have been quite entertaining. All the activities of the day ended at around 2pm.

Some of the feedback received from those who went for the outing was that, it was refreshing for them to experience a different, tranquil side of Johannesburg as opposed to the busyness and chaos of the city. Furthermore, everyone present enjoyed the fellowship. It is safe to say that their first outing was a great success and they must all be looking forward to the next one.

There are a lot of kingdoms under the sun but The Kingdom Ecosystem teaches us how to be effective in the Kingdom of God. There are a series of pillars that we need to connect with in order to be effective in this Kingdom. In this Kingdom, you don't just do what you want because there is only one King and there is no democracy. The Kingdom Ecosystem helps us to understand what the King requires from us.

The Kingdom EcoSystem Pillars

Below is a summary of all the pillars, as taught to us by the Apostle:

TITHE

Paying Tithe rebukes the devourer and allows you to operate under open heavens. Based on Malachi 3:8-11.

THE WORD

You need to meditate on the Word of God; however, you can't understand the Word of God if you have closed heavens. John 1:1-5 tells us that the Word is not scriptures but a person, we connect to the Word through scriptures. You need open heavens which you get by paying tithe in order to understand and connect to the Word of God.

PRAYER

You can't pray without understanding the Word of God and without open heavens. Prayer is communication with God, and communication can only happen when you understand the Word. When you understand the Word, you can't pray amiss because you know how God wants to be approached and you don't pray for what you've already been given.

In Matthew 6:9-13 Jesus teaches us how to pray. "Prayer makes you intelligent." – Apostle Owen Phiri

FAITH

Faith comes to you after you have open heavens, know the Word of God and know how to pray. Romans 10:17 tells us that faith comes to us. Faith comes when you want to hear what God is saying. The Word of God commands us to be in a place where God is, so that we can hear what He is saying. "Hearing by the Word of God" means hearing that is influenced by the Word of God.

Hebrews 11:1-6 defines what faith is, and also tells us that we cannot please God unless we have faith.

WORSHIP

Worship is submission to God. We don't see God with our eyes because we worship a God who is Spirit. You are only able to submit yourself to God when you have a relationship with Him through His Word and time spent communicating with him through prayer.

ANOINTING

When you worship God in spirit and in truth, then God anoints you. Anointing is the ability to do things extraordinarily and can also amplify your gift. We have learnt that everyone is anointed for a certain purpose, in a certain domain.

GIVING

When you have these pillars, giving becomes easy. You can give things that you really love. The Word of God teaches us that blessed is the hand that gives than the one that receives. God trusts you to be a blessing to others. There are different kinds of giving and we give for different reasons but underlying all of these, we must remember that God gave because He loved and that is the ultimate form of giving.

VISION

When you are able to give, God gives you a vision. He can make you see something that doesn't exist to bring it on earth. He will give you an original vision that cannot be imitated.

PEOPLE

God will trust you with people. Others will be blessed because of your vision. God can trust you to give. God can trust you with people because you are anointed.

FRUITFULNESS

When you have subscribed to all these pillars, then you will be fruitful in the kingdom of God.

As you go through a time of preparation humility is a key that will help you.

Apostle O.P

Testimonies

Mama Princess April

Answered Prayer

Mrs. Princess April shared that, because of lockdown, her business was behind on paying rent for their premises. As a result of this, she met with the landlord and they discussed how she would pay her arrears, to bring her account up to date and they had come to an agreement.

According to the agreement, she was supposed to pay before a certain date but that date passed and she still didn't have all the money that she needed to make the payment. She couldn't find anyone to help her because it seemed everyone is in the same situation. When she came to church, she was praying for a miracle because she knew that she needed it to be able to pay this money. The Monday after this prayer, she met with a

potential client and did a quotation for her. They agreed on what needed to be done as well as how much it would cost. After this meeting, before Mrs. April even got home, the client had deposited just over half the amount that she had been praying for. Later on that day, she got another call from a partner that she's in a different business with and he offered to help her with doing something for one of her clients that they had been struggling

with for some time. Within no time, the service was done and she surprised her client by informing them that the thing had been done. The client then paid the other half of the money that she had been praying for and so she managed to pay the rent. What seemed humanly impossible was not impossible with God because He made it happen for her. She thanked God and the anointing that is upon the Apostle.

Every miracle is preceded by instructions, there is a time for preparation before the manifestation of your miracle. Maintain with the word of God every miracle you received.

KINGDOM DEALS NETWORK

KINGDOM DEALS NETWORK

Doing business God's way!

Business Prayer & Networking Meeting

Guest Speaker on the 24th of October.

LYNNE DU TOIT

Lynne Du Toit is the Group CEO of South Africa's largest generic oncology company, Eurolab, she's a qualified nurse and midwife, an entrepreneur, an experienced business person specialising in acquisitions, and has a rich set of experiences in the healthcare and pharmaceutical environments.

During the month of October, there were 2 business meetings. The first one was on the 11th of October, where the Apostle of the house continued to teach on access.

The next meeting was then held on the 25th of October, with Ms. Lynne Du Toit, the Group CEO of the country's largest generic oncology company, Eurolab. She was gracious enough to share some experiences and lessons learnt along her extensive journey in entrepreneurship. Below is some of what she shared:

1. Perseverance is very important – It's not how you start but how you finish. To run the race with perseverance and to finish it is what the Lord requires from us.

2. God's timing is everything. We can try and do our own thing but if you wait on the Lord, He renews your strength and you can mount up and conquer anything.

3. When you find yourself in a difficult situation, whatever it may be, and it looks like it will not end, it is important to draw in to the Lord and just stay on your knees. At the right time, God will make a way for you. There are often some valuable lessons in the painful situations that we may find ourselves in.

4. Her mantra: Whatever your hand finds to do, do it with all your heart as unto the Lord. She makes sure she says this everyday and has been saying this for years.

5. Measure of success is not about materialistic things but about contentment within your soul.

6. Just because a business doesn't work out for whatever reason, doesn't mean that it is the end. You can hit rock bottom but you can still rise back up and be better than you were.

7. You can never be too proud. Never think you've made it.

8. Giving and paying tithe. God blesses you because you tithe. He will give you more because He trusts that you would be able to give to others. The more you give, the more He blesses you. Giving is also more gratifying than receiving.

9. Gratitude is very important. Always thank God. Doesn't matter how small or big the thing you are thanking Him for.

10. You need to have all parts of the body within the body. You need different types of people in every organization, for the work to move forward. Don't be afraid to hire people who are better than you because what matters is that the work gets done.

Some verses that have kept her going:

Isaiah 41:10-16

Isaiah 54:7-17

KDN Q&A SESSION

Lynne also graciously took some time to answer a few questions for our team of entrepreneurs.

1. Did you make a decision to persevere or found yourself in a situation where you just had to persevere?

A bit of both but more so a decision to put one foot in front of the other. Focus on the work for the day. God gives grace just for today and sets the course for the day. There are times of despair but focus on the Word of God.

2. How easy is it for a person to get into a field that they don't have a technical know how in to make sure they succeed in that business? How is your risk spread out?

You have to be willing to start with the basic and mundane things. Be willing to work for nothing, so that you can gain experience and exposure. Always be willing to put up your hand if an opportunity arises.

With diversification, look for different opportunities, even if it's within the same field. Look at what services you outsource and see if you can go into offering those services as well. Look at the needs around the same field, investigate what is being done globally and see if you can also offer the services as well.

The Word By Apostle Owen Phiri 04-10-2020

Apostle Owen Phiri Ministering

Life is Administered in the spirit.

Everything begins in the spiritual realm before it happens in the physical realm. Whatever we see happening, has already happened spiritually, and so it is important to know that things are created and shifted in the spiritual realm.

If you try to solve your situation physically before solving it spiritually, it is a waste of time because you are dealing with something that has already happened. You must, instead, sort things out spiritually in order to conquer physically.

For example, it is much more difficult to deal with a situation where a person's leg is cut off physically but much easier to change things in the spirit before it manifests in the physical because that means you can prevent it from happening.

God, who sees everything, is always fighting for us. He creates opportunities for us to avoid trouble but we still put ourselves in trouble by continuing to do the thing that God is keeping us away from. This results in us seeking help to disconnect from things that we had no business engaging in.

May the miracles of God happen in such a way that people don't have to go through certain things physically, like getting sick.

We are able to control things in the spirit, so it shouldn't get to the point where we actually get sick. We also need to graduate from praying for financial breakthrough to having finances following us because we have the power.

Heaven must start here on earth because Jesus brought heaven to us.

Protect your miracle. Protect your blessing.

Nothing can stand in the presence of God. Everything bows down to Jesus but it is our duty to maintain what God has done for us. Your environment and your body must be holy. What you say, listen to, everything around you must be holy. Be careful what you allow in your home because your home must be an altar dedicated to God. Maintaining the atmosphere of God in you is your duty and not God's duty.

When God has given you a blessing or a miracle and you don't do your part to protect it, you put yourself in greater danger. For example, if you have been blessed with a spouse but start cheating on them, then you are inviting the devil to do great damage in your life.

Protect what you have received from

God, who sees everything, is always fighting for us.

God. Control yourself from sinning and getting angry. Ask for forgiveness where necessary, so that the glory of God may be seen upon you.

Avoid defending yourself and ask God to defend you because you may chase away angels sent to help you because you are defending yourself. One of the most powerful demons is darkness or ignorance. Darkness whispers to you all the time but the Word of God is light. Decide which one you are going to follow. This demon closes your eyes and your ears. It preaches sense to you, while deceiving you.

Maintain the presence of God wherever you are. Maintain a peaceful environment and know that things are shifted in the spirit.

Maintain your miracle

Keep this in mind. There is nothing that can destroy you. Nothing can conquer you because someone died for you. There is no poverty, lack, disease or any darkness that can conquer you because Jesus died for you. There is nothing that is above the death of Jesus Christ. Tell that situation that Jesus died for you and that it will not conquer over your life. When you see things opposing you, stand up and say, "You don't know my God." Even when it feels like you will not win, know that you will win. Stand as a child of God and don't allow the enemy to condemn you.

A miracle is something that is impossible. For example, if someone doesn't have a leg and then grows a leg, that is a miracle. Whatever you were not able to do but start doing it, that is a miracle but that miracle must be maintained.

Before a miracle, there is an instruction. But other instructions come after the miracle. There is no miracle without information. God cannot give you something that can kill you and that is why He gives information to prepare you.

You can start maintaining a miracle before it happens. For example, if you want marriage, you can maintain the miracle by not taking certain types of photos and engaging in certain types of behaviors.

It is important to identify the time of preparation. There is a time for preparation after you have asked God for something. During a time for preparation, after prayer, it is important to check your surroundings and who is coming into your life. It is easy to forget what you have prayed for and continue the same way that you did before prayer.

What you want has already been granted to you but we are not aware that there is time that you must prepare. God answers before we pray. May your eyes open so you can see and connect to the moment of preparation.

After you pray, God sends certain people into your life. Some can irritate you, oppose you and some are not well put together because God hides certain things in people. Some of these people may be angels but you wouldn't know.

During the time of preparation, the enemy can also distract you with certain information so that it takes longer for your miracle to happen, and so it is important to be careful.

In certain instances, during the time of preparation, you are forced to give because otherwise certain miracles will not happen. God wants you to give because of where He is taking you.

When you pray, cry for discernment so that you can be aware of situations and people that are brought into your life during preparation.

There are 3 types of blessings:

1. You attract a blessing by yourself. People just start following you and you just connect with blessings.

2. Blessings are in others. When you are connected to a certain person, blessings start following you. People bless you because of the person. If you disconnect with the person, then the blessing stops.

3. Blessings that are in a place. You can connect to a blessing in a certain place. You need discernment to know because there are also places that can take away things from you and people who can encourage you in your mess. So it is important to cry for discernment but it is not cheap. You need to work for it the same way that you work for money.

The Word By Apostle Owen Phiri 18-10-2020

Maintaining Your Miracle

Continued...

The man at the pool of Bethesda positioned himself for the miracle in a way that Jesus had to go there and heal him. While you wait for your miracle, there is a position that you need to be in.

Some people are afraid that what they are doing is wrong but you don't know which one is the right thing to do. Positioning yourself is very important. You can position yourself in the wrong place but Jesus will come to that place just for you, as long as you are consistent in that place.

There is something that you are believing God for. Don't forget your position and you must maintain yourself in that position until you get what you want.

A period of preparation is granted to prepare for your miracle and this is an important time that you should not take for granted.

What can affect the time of preparation is a preacher called doubt. Doubt will show you why it's unlikely for your miracle to happen. Doubt moves with you wherever you go and will make it seem impossible but when God has said something will happen, that

means it will happen.

When you pray, God answers immediately. What causes the delay is preparation. In a time of preparation, location and places are crucial. There are also people that are placed in your life for what is about to happen. When you are conscious that you are in a time of preparation, you don't take those around you for granted.

Embrace the time of preparation because it is at this time that God will connect you with the people who will help you when your miracle finally comes. During a time of preparation, you don't take anyone for granted because anyone can direct you to a place where you need to be prepared.

The time of preparation can also humble you. Humility can help you during the time of preparation because the person who holds your hand may be younger or lower than you.

During the time for preparation, you don't get all the information at once about what is to come. Information comes through humbling yourself.

The time of preparation also needs you to be awake. You must have the spirit of discernment on you. When you are not aware that you are being prepared, that can be a dangerous position because sometimes the person that is sent to help you may be rude to you and you don't know that the person is carrying something to bless you and so you start stepping on each other's toes.

When you miss the time for preparation, you will get overwhelmed because there will be a lot of things happening at the same time. Your miracle comes whether or not you want it but you may fail to maintain the blessing or miracle because you are not prepared.

During the time for preparation, you don't get all the information at once about what is to come. Information comes through humbling yourself.

The Word By Apostle Owen Phiri 25-10-2020

The Story of TLT Ministries

In 1998 the Apostle, as a teenage boy, was given a scripture by God, which is Revelations 11:15. He also received a Word from the Lord that said, "I am going to raise a generation of young people that is going to turn things upside down. The blind will see. The deaf will hear..." All those difficulties of life, God promised He would deal with them. He also said that the Apostle would be part of that.

The man of God was saved as a young man in 1995 and after that, he stopped doing the naughty things that he used to do. Around this time, his mother would always have dreams about him ministering to people.

When he came to South Africa, his father in the Lord told him not to come back. He told him that his ministry would start in South Africa. For seven years, he was listening to his spiritual father without starting a ministry. After the 7th year, he felt a push to start the ministry.

The scripture, Matthew 16:18-19, was given to him in 2013 when God said he would give him keys to the Kingdom. He tested this by going into certain places where he knew that he didn't qualify but he could gain access. He also managed to organize his first business seminar, while in that situation. God intervened and made things happen.

According to the scripture in Matthew, God was saying that he would build his church upon the Apostle and that there was no demon that would prevail in his church. We don't build Jesus a church. He says, "Upon you, I will build my church." Don't do something to impress Apostle because he doesn't have a church but TLT Ministries is Jesus' church. When Apostle prays for people, he listens to the owner of the church, which is Jesus and that is how he knows what to pray for. If you look at where the church is, we don't qualify. We don't have the right resources or connections that would qualify us but Jesus is building His own church. Even as you serve in the church, know that you are not doing it for the Apostle but it is Jesus who is the one watching. He can use you as a brick or frame to build His church. Seek to please Jesus because He is the owner.

A message for those who are serving. Everything that you're doing in the church is recorded and it is Jesus

who will decide if He wants to use you or not. He also gives information on how you should serve. Jesus takes care of you when you serve Him wholeheartedly.

Whatever we do in the physical is agreed upon in heaven. The service that we have in the physical realm is designed in heaven. Prophetic word: Watch the Praise and Worship team. This time next year, you will see what God has been building.

Prophetic word that was previously received from Prophet Makandiwa about TLT Ministries said that what God is going to do with TLT Ministries will shock us. We will never prepare enough to deal with what is coming.

We don't build Jesus a church. He says, "Upon you, I will build my church."
